

ResponsibleAg Assessment

ResponsibleAg is an industry-led initiative committed to helping agribusinesses properly store and handle farm input supplies. The program helps members ensure they are compliant with environmental, health, safety and security regulations to keep employees, customers and our communities safe. The organization provides participating businesses with the assessment, recommendations for corrective action where needed, and a robust suite of resources to assist in this regard.

This checklist, developed by a technical committee comprised of industry regulatory professionals, contains more than 300 questions and will be used by auditors, credentialed under the ResponsibleAg Certification Program, to assess the level of compliance at each participating facility.

Participating facilities will receive an assessment by a credentialed ResponsibleAg auditor once every three years. The auditor will enter their findings into the secure portal on the ResponsibleAg website within 24 hours of completing the assessment. After it is entered, the facility will receive (if applicable), a corrective action plan listing any issues that were discovered by the auditor.

This document represents the ResponsibleAg assessment content as of: January 1, 2024

- Sections: A EHS & S Documentation
 - B Maintenance Records
 - C Office & Grounds
 - D Dry Fertilizer Warehouse
 - E Bulk Liquid Fertilizer
 - F Anhydrous Ammonia Facility
 - G Anhydrous Ammonia Mobile Equipment
 - H Shop
 - I Forklift/Endloaders
 - J Commercial Motor Vehicles
 - K Application/Nurse Equipment
 - L Waste Management
 - M Fuel Storage
 - N Seed Treater/Warehouse
 - O Chemical Warehouse
 - P Bulk Pesticide
 - Q Grain/Feed

Optional Best Management Practices questions are denoted as "BMP".

EHS & S Documentation	Y N X		
Biennial Registration of Food Facilities 21 CFR 1.225	\frown	A-100	
Registered this facility with the U.S. Food & Drug Administration (FDA) due to manufacturing, processing, packing or holding food for human or animal consumption?			
Bloodborne Pathogens Program 29 CFR 1910.1030 (c)(1)(i)	\frown	A-110	
Developed and implemented a written Bloodborne Pathogens program?			
- Current	\bigcirc		
- Reviewed annually CFATS Status. DHS 6 CFR 27.210(1)(i) & (d)	\frown		
CFATS Status, DHS 6 CFR 27.210(1)(i) & (d) Initially reviewed the chemicals listed in Appendix A to determine if registration and Top Screen with DHS was required, and		A-120	
now systematically monitors for changes requiring registration under DHS reporting?	\checkmark		
Child Labor 29 CFR 570.2	\frown	A-130	
Ensured any employment for work use of children with an age of 18 or less at this facility is within the requirements of the Child Labor Regulations?			
Confined Space Entry Program 29 CFR 1910.146(c)(4)	\frown	A-140	
Developed and implemented a written confined space entry program?			
Confined Space Entry Annual Review 29 CFR 1910.146(d)(14)		A-150	
Conducted an annual review of the confined space program and canceled permits?			
Confined Space Entry, Rescue Arrangements 29 CFR 1910.146(d)	$\overline{\frown}$	A-160	
Pre-arranged and documented the qualifications, capabilities and arrangements, between this facility and the fire department or rescue squad for rescuing entrants to permit-required confined spaces?	\bigcirc		
Driver Qualification File 49 CFR 391.51(a)	\frown	A-170	
Produced and maintains a current driver qualification file on each driver utilized?			
Driver Qualification File, Annual Review 49 CFR 391.25	$\overline{\bigcirc}$	A-180	
Performed an annual review of the driver qualification file for each driver utilized?			w
Driver Qualification File, Previous Employment 49 CFR 391.23 & 21		A-190	
Obtained and documented previous employer inquiries for each driver utilized?			w
Driver Qualification, Clearinghouse Annual Query 49 CFR 382.701(b)		A-193	
Ensured a query of the Drug & Alcohol Clearinghouse was conducted at least annually for CDL drivers?			w
Driver Qualification, Clearinghouse Pre-employment Query 49 CFR 382.701(a)	\frown	A-196	
Ensured a query of the Drug & Alcohol Clearinghouse was conducted as part of a pre-employment driver investigation for CDL drivers?	\bigcirc		w
Driver Qualification, Pre-employment Drug Test 49 CFR 382.301	\frown	A-200	
Ensured each driver has obtained a pre-employment DOT drug test prior to driving a commercial motor vehicle or performing a safety-sensitive function?	\bigcirc		W
Driver Qualification, Random Drug Test 49 CFR 382.305	\frown	A-210	
Ensured each driver has been enrolled in a DOT approved random drug testing program?			w
Emergency Action Plan 29 CFR 1910.38		A-220	
Developed and implemented a written emergency action plan?			
Emergency Response Plan 29 CFR 1910.120(q)(1)		A-230	
Developed and maintains a current written emergency response plan?			
Emergency Response Information, DOT 49 CFR 172.600-602	$\overline{\frown}$	A-240	
Ensured a current Emergency Response Guidebook (ERG), SDS or other form of emergency response information accompanies all shipments of hazardous materials?	\bigcirc		w

Ens & 5 Documentation	Y N X	
Language Barriers 29 CFR 1910.119 & 1030		A-400
Communicated effectively with employees that cannot speak English or read instructions, training and other environmental, health, safety and security information needed to perform their assigned duties safely?	\bigcirc	
Lockout/Tagout Program 29 CFR 1910.147(c)(1		A-410
Developed and implemented a written lockout/tagout program with procedures?		
Lockout/Tagout, Annual Review of Program 29 CFR 1910.147(c)(6)(i		A-420
Conducted an annual review of the lockout/tagout program and procedures?		
Lockout/Tagout, Equipment Available 29 CFR 1910.147(c)(5)(i		A-430
Provided lockout/tagout equipment for use at the facility?		
Longshore Activity Longshore Harbor Workers Compensation Ac	t	A-440
Ensured employees performing duties at a maritime facility and over navigable waters are properly covered by the insurance provisions required by the Longshore Harbor Workers Compensation Act?	\bigcirc	
Motor Vehicle Record (MVR) 49 CFR 391.23(a)(1		A-450
Obtained a current Motor Vehicle Record (MVR) for new drivers and annually thereafter?		
OSHA 300 Summary 29 CFR 1904.294 & 29 CFR 1904.44	4	A-460
Posted the OSHA 300-A Summary of Occupational Injuries & Illnesses during February, March and April of each year?		
Personnel, Responsible & Supported General Duty Clause	e	A-470
Assigned responsibility for environmental, safety, security and health to one or more personnel that have clear lines of authority and the full support of management?		
Policy, Adherence to General Duty Clause	e	A-480
Ensured all company policies regarding environmental, safety, security and health issues are fully supported?		
Portable Refillable Containers, Record of Inspection 40 CFR 165.45(a)&(b), 49 CFR 180.352(g)		A-490
Ensured all inspection and test results have been properly recorded and retained for each portable refillable container?		
Portable Refillable Containers, Record of Refilling 40 CFR 165.65 & 70		A-500
Ensured the refilling activity has been properly recorded and retained for each portable container being filled?		
Portable Refillable Containers, Residue Removal 40 CFR 165.65 & 70		A-510
Developed and implemented a written Residue Removal Procedure and List of Acceptable Containers?		
PSM Process Safety Information 29 CFR 1910.119(d		A-515
Developed and maintains the safety information for PSM including: current SDS, maximum intended inventory, safe upper and lower working limits, equipment specifications and design codes?		
- Includes a Piping and Instrumentation Diagram (P&ID) - Includes a Block Flow Diagram		
PSM Employee Participation 29 CFR 1910.119(c		A-520
Developed and implemented a written plan of action involving employee participation in PSM activities?		
PSM Written Operating Procedures 29 CFR 1910.119(f		A-530
Developed and maintains written operating procedures that provide clear instructions or steps for safely conducting activities associated with each PSM-covered process?		
PSM Written Mechanical Integrity Procedures 29 CFR 1910.119(j		A-540
Compiled and maintains written information regarding the on-going mechanical integrity of the process equipment associated with a PSM-regulated material such as anhydrous ammonia? - Manufacturer's installation, operation and maintenance instructions - Written maintenance procedures	\bigcirc	
- Inspection and testing records		

	1/1//	
PSM Management of Change	29 CFR 1910.119(I)	A-542
Developed and implemented written procedures to manage changes including process ch procedures and changes to the facility?	hemicals, technology, equipment,	
- Includes documentation of a paper trail		
PSM Process Hazard Analysis	29 CFR 1910.119(e)	A-545
Conducted a Process Hazard Analysis every five years (or when a process is changed) o PSM-regulated substances, processes and procedures? - All PHA documents maintained on file for the life of the process	of the hazards associated with the	
PSM Compliance Audit	29 CFR 1910.119	A-550
Conducted a Compliance Audit every three years, evaluating the facility's compliance with	h provisions of the PSM rule?	
- Retain the two most recent Compliance Audits	\bigcirc	
PSM Contractors, Sharing of Information	29 CFR 1910.119(h)	A-552
Developed and implemented a written plan of action regarding sharing of PSM-required in	nformation with contractors?	
PSM Pre-Startup Safety Review	29 CFR 1910.119(i)	A-554
Ensured a pre-startup safety review for new facilities and for modified facilities has been p significant enough to require a change in the process safety information? - May be documented as part of Management of Change - Required each time the process changes	performed when the modification is	
- Training documented with date		
PSM Incident Investigation	29 CFR 1910.119(m)	A-556
Ensured an incident investigation has been conducted, documented and maintained on fi process associated with a PSM-regulated material such as anhydrous ammonia?	lie for each incident involving a	
- Includes documentation of a paper trail		
PSM Trade Secrets	29 CFR 1910.119(p)	A-558
Provided all required information necessary to those personnel with responsibilities asso considered trade secrets?	ciated with handling materials	
PSM T-reactor, Mobile Contracted	29 CFR 1910.119 & 40 CFR 68	A-560
Ensured the contractor providing T-reactor and related services has developed and imple (PSM) procedures by asking for documentation prior to the activity beginning?	emented Process Safety Management	
Radio (FM) License	47 CFR 90.35	A-570
Registered and maintains a current FM radio license in accordance with FCC rules?		
Repackaging, EPA Establishment Number	40 CFR 167.20	A-580
Ensured this establishment has been registered with EPA and maintained an active statu	is prior to repackaging pesticides?	
Repackaging, Annual Pesticide-Production Report	40 CFR 167.85	A-590
Submitted a Pesticide-Production Report annually to EPA?	()	A 000
Repackaging Log, Annual Pesticide-Production Report	40 CFR 169.2(b)	A-600
Ensured a log or other complete record was prepared and maintained on file for all repact		
Repackaging, Authorization for Bulk	40 CFR 67 & 70	A-610
Maintained on file copies of current written repackaging agreements for all bulk pesticide		A-010
· · · · · · · ·		
Respiratory Protection Program	29 CFR 1910.134(c)(1)	A-620
Developed and implemented a written respiratory protection program?		
Respiratory Medical Evaluations	29 CFR 1910.134(e)(1)	A-630
Provided medical clearance by a physician for employees required to wear a respirator?		w
Respiratory Fit Test	29 CFR 1910.134(e)(5)(i)	A-640
Provided respirator fit test initially for applicable new employees and annually thereafter?		w

EHS & 5 Documentation	Y N X
Respirators for Emergency Use, Inspection 29 CFR 1910.134(h)(3)(i)(B)	A-650
Inspected all emergency-use respirators (including gas masks) at least monthly to ensure they are properly stored and maintained in a state of readiness?	
Restricted-Use Pesticide Record of Applications USDA AMS, 1990 Farm Bill	A-660
Maintained on file records of commercial applications of restricted-use products?	
Restricted-Use Pesticide Record of Sales USDA AMS, 1990 Farm Bill	A-670
Tracked and maintains on file the past 2 years of records of sales of restricted-use pesticides?	
RMP Document Submittal40 CFR 68.10	A-680
Submitted a Risk Management Plan (RMP) (or subsequent update) to EPA?	
RMP Emergency Contact Update 40 CFR 68.195(b)	A-690
Ensured any change in the person identified in the RMP as the Emergency Contact has been revised and submitted to the RMP Reporting Center within 30 days of the change?	
RMP-2 Safety Information40 CFR 68.48	A-700
Developed and maintains the safety information for RMP including: current SDS, maximum intended inventory, safe upper and lower working limits, equipment specifications and design codes?	
RMP-2 Written Operating Procedures40 CFR 68.52	A-710
Developed and maintains written operating procedures that provide instructions or steps for safely conducting activities associated with each covered process?	
RMP-2 Written Maintenance Procedures40 CFR 68.56	A-720
Compiled and maintains written information regarding the on-going mechanical integrity of the process equipment associated with a RMP-regulated material such as anhydrous ammonia?	
RMP-2 Hazard Review40 CFR 68.50	A-730
Conducted a Hazard Review every five years of the hazards associated with the RMP-regulated substances, processes, and procedures?	
- Retain the two most recent Hazard Review documents	
RMP-2 Compliance Audit40 CFR 68.58	A-740
Conducted a Compliance Audit every three years evaluating the facility's compliance with the provisions of the RMP rule?	
- Retain the two most recent Compliance Audits	<u> </u>
RMP-2 Incident Investigation40 CFR 68.60	A-750
Ensured an incident investigation has been conducted, documented and maintained on file for each incident involving a process associated with a RMP-regulated material such as anhydrous ammonia?	
RMP-3 Process Safety Information 40 CFR 68.65	A-760
Developed and maintains the safety information for RMP including: current SDS, maximum intended inventory, safe upper and lower working limits, equipment specifications and design codes?	
RMP-3 Written Operating Procedures 40 CFR 68.69	A-770
Developed and maintains written operating procedures that provide instructions or steps for safely conducting activities associated with each covered process?	
RMP-3 Written Maintenance Procedures40 CFR 68.73	A-780
Compiled and maintains written information regarding the on-going mechanical integrity of the process equipment associated with a RMP-regulated material such as anhydrous ammonia?	
- Manufacturer's installation, operation and maintenance instructions	
- Written maintenance procedures	
- Inspection and testing records	
RMP-3 Management of Change Procedures40 CFR 68.75	A-790
Developed and maintains written Management of Change procedures that provide instructions or steps to manage changes to RMP-regulated processes?

ΥI	N	X

RMP-3 Process Hazard Analysis 40 CFR 68.67	A-800
Conducted a Process Hazard Analysis every five years of the hazards associated with the RMP-regulated substances, processes, and procedures?)
RMP-3 Compliance Audit 40 CFR 68.79	A-810
Conducted a Compliance Audit every three years evaluating the facility's compliance with the provisions of the RMP rule?	
- Retain the two most recent Compliance Audits	/
RMP-3 Incident Investigation 40 CFR 68.81	A-820
Ensured an incident investigation has been conducted, documented and maintained on file for each incident involving a process associated with a RMP-regulated material such as anhydrous ammonia?)
Safety Shower/Eye Wash Maintenance ANSI Z358.1-2009	A-830
Activated weekly and inspected annually all emergency safety showers/eye wash stations?)
SARA Tier II Report 40 CFR 370.20(a-d)	A-840
Submitted a SARA Tier II report annually to their Fire Department, Local Emergency Planning Committee (LEPC) and State Emergency Response Commission? - Includes fertilizers)
SDS, Current & Available 29 CFR 1910.1200(g)(8)	A-850
Provided access to current Safety Data Sheets (SDS) to all employees?)
Security Plan, DHS Site Security Plan 6 CFR 27.225	A-860
Developed, implemented and maintains a written Security Plan as required by the Department of Homeland Security?)
Security Plan, DOT 49 CFR 172.800	A-870
Developed, implemented and maintains a written Security Plan required by the Department of Transportation?)
Security Plan, Maritime Facility 33 CFR 105 & 405	A-880
Developed, submitted and received approval from the U.S. Coast Guard for a written facility Security Plan?)
Security Plan, USDA UGRSA, CCC-25, Part III, J	A-890
Developed, implemented and maintains a written Security Plan required by the United States Department of Agriculture?)
Security Vulnerability Assessment 49 CFR 172.802 & 6 CFR 27.215	A-900
Conducted a security vulnerability assessment of this facility?)
Shipping Papers for Hazardous Materials 49 CFR 172.200-204	A-910
Prepared and ensured a shipping document accompanies each shipment of hazardous materials?)
SPCC Plan (Non-Petroleum Oil Products) 40 CFR 112.1 & 3	A-920
Ensured a SPCC plan was developed and implemented for an aggregate total capacity of oil products (including non- petroleum oil products) stored in aboveground containers greater than the 1,320 gallon threshold?)
SPCC Plan (Tier 1) 40 CFR 112.6(a)	A-930
Ensured this facility has fully implemented a SPCC plan for an aggregate total capacity of oil products stored in aboveground containers greater than 1,320 gallons, but less than 10,001 gallons, with no tank that exceeds 5,000 gallons?)
SPCC Plan (Tier 2) 40 CFR 112.6(b)	A-940
Ensured this facility has fully implemented a SPCC plan for an aggregate total capacity of oil products stored in aboveground containers greater than 1,320 gallons, but less than 10,001 gallons, with a tank that exceeds 5,000 gallons?)
SPCC Plan (PE) 40 CFR 112.1 & 3	A-950
Ensured a professional engineer developed and facility has implemented a SPCC plan for an aggregate total capacity of oil products stored in aboveground containers greater than the 1,320 gallon threshold and that does not qualify for self-certification?)

EHS & S Documentation	Y N X	
SPCC Plan Monitoring Inventory 40 CFR 112.1 & 3	\frown	A-960
Systematically monitors inventory levels of oil products to determine if the aggregate total aboveground storage capacity of oil products (Capacity of 55 gallons or more.) exceeds 1,320 gallons and requires a SPCC plan?	\bigcirc	
Training, Anhydrous Ammonia29 CFR 1910.111(b)(13)(ii)	\bigcirc	A-970
Provided anhydrous ammonia training initially for new employees who perform unloading operations and annually thereafter?		w
Training, Bloodborne Pathogens 29 CFR 1910.1030(g)	\bigcirc	A-980
Provided bloodborne pathogens training initially for new employees and annually thereafter?		w
Training, Confined Space Entry 29 CFR 1910.146(g)	\bigcirc	A-990
Provided confined space entry training initially for new employees and annually thereafter?		w
Training, CPR 29 CFR 1910.146(k)(2)(iii)	\bigcirc	A-1000
Provided cardiopulmonary resuscitation (CPR) training, in addition to First Aid training, for employees designated to provide permit-required confined space rescue and emergency services?	\bigcirc	w
Training, Drug & Alcohol for Supervisors49 CFR 382.603		A-1010
Provided two hours of Drug & Alcohol training for those employees who supervise drivers?		
Training, Electrical Awareness (All Employees)29 CFR 1910.332(a) & (b)(2)	\bigcirc	A-1020
Provided electrical safety training for all employees that are not qualified and not assigned to repair electrical equipment, but may come in contact with electricity while carrying out their normal duties?	\bigcirc	w
Training, Electrical Safety for Qualified Persons29 CFR 1910.332(a) & (b)(2) & NFPA 70E 110.6	\bigcirc	A-1030
Provided electrical safety training for employees that are considered "qualified" and who may come in contact with electricity while carrying out their assigned duties or may face comparable risk of injury due to electric shock?	\bigcirc	
Training, Fire Extinguishers29 CFR 1910.157(g)	\bigcirc	A-1040
Provided fire extinguisher training initially for new employees and annually thereafter?		w
Training, First Aid29 CFR 1910.151(b)	\bigcirc	A-1050
Provided First-Aid training to those employees who are expected to respond to medical emergencies?		w
Training, Forklift 29 CFR 1910.178(l)(1)(l)	\bigcirc	A-1060
Provided forklift, end loader or powered industrial truck training initially for new employees and periodically as required thereafter?	\bigcirc	w
Training, Grain Handling29 CFR 1910.272(e)(1)	\bigcirc	A-1070
Provided training on grain handling issues initially for new employees and whenever changes in job assignment will expose them to new hazard?	\bigcirc	w
Training, Hazard Communication29 CFR 1910.1200(h)(2)	\bigcap	A-1080
Provided hazard communication training initially for new employees and whenever a new hazard is introduced into the workplace?		w
Training, Hazardous Materials (DOT)49 CFR 172.700-704(a)(1-3)	\bigcap	A-1090
Provided DOT hazardous materials training (also known as HM-126f) initially for new employees and every three years thereafter?	\bigcirc	W
Training, HazWoper 29 CFR 1910.120(e)(7) & (q)(6)	\bigcap	A-1100
Provided emergency response (HazWoper) training to employees expected to respond to spills or other emergencies with the potential exposure to hazardous substances?		
Training, HazWoper Refresher29 CFR 1910.120(q)(8)(i)	\bigcirc	A-1110
Provided emergency response (HazWoper) refresher training to employees who have already completed the initial training requirements and are expected to respond to spills or other emergencies with potential exposure to hazardous substances?	\bigcirc	
Training, Hot Work 29 CFR 1910.252 & 29 CFR 1910.102	\bigcap	A-1120
Provided training on Hot Work operations initially for new employees and annually thereafter?		W

Y	N	X

Training, Ladder Safety	29 CFR 1926.1060	A-1130
Provided safety training on the use of ladders periodically for employees who utilize ladders, stairs, etc their duties?	. in the normal course of	w
Training, Lockout/Tagout	29 CFR 1910.147(c)(7)	A-1140
Provided lockout/tagout training initially for new employees and annually thereafter?		w
Training, LP-Gas Competent Attendant 29	CFR 1910.110(h)(11)(vii)	A-1150
Ensured each employee dispensing LP-Gas into the fuel container of a vehicle has completed compet	ent attendant training?	w
Training, Oxygen & Acetylene CGA Pa	amphlet P-1-2006 (3.4.1)	A-1160
Provided training on oxygen and acetylene operations?		w
Training, PSM Operator	29 CFR 1910.119(g)	A-1163
Provided training to each employee operating a process associated with a PSM-regulated material succ ammonia, initially for new employees and at least every three years or more often if necessary? - Training documented by operater with date	sh as anhydrous	w
Training, PSM Maintenance Personnel	29 CFR 1910.119(j)(3)	A-1165
Provided training to each employee involved in maintaining the integrity of a process associated with a initially for new employees and at least every three years or more often if necessary? - Training documented with date	PSM-regulated material	w
Training, PPE	29 CFR 1910.132(f)(1-4)	A-1170
Provided PPE training initially for new employees and annually thereafter?		w
Training, Respiratory Protection	29 CFR 1910.134(k)(3)	A-1180
Provided respiratory protection training initially for new employees and annually thereafter?		w
Training, RMP-2 Operator	40 CFR 68.54	A-1190
Provided training to each employee operating a process associated with a RMP-regulated material suc ammonia, initially for new employees and at least every three years or more often if necessary?	ch as anhydrous	w
Training, RMP-3 Operator	40 CFR 68.71	A-1200
Provided training to each employee operating a process associated with a RMP-regulated material suc ammonia, initially for new employees and at least every three years or more often if necessary?	ch as anhydrous	w
Training, Security Awareness (DOT)	49 CFR 172.704(a)(4)	A-1210
Provided DOT security awareness training on hazardous materials initially for new employees and eve thereafter?	ry three years	w
Training, Security In-Depth (DOT)	49 CFR 172.704(a)(5)	A-1220
Provided DOT In-depth security training, based on the security plan of the company, initially for all new three years thereafter?	employees and every	w
Training, Tire & Wheel Rim Repair Safety	29 CFR 1910.177	A-1230
Provided training to tire service employees on working safely with single and multi-piece tire and whee	I rims?	w
Training, Worker Protection Standard	40 CFR 170.230(a)	A-1240
Provided WPS training initially for new handlers and annually thereafter?		w
Training, WPS for Fumigant Handlers	40 CFR 170.230(a)	A-1250
Provided training initially for new employees defined as fumigant-handlers and annually thereafter?		w
Underground Storage Tank(s)	40 CFR 280.34	A-1260
Registered and maintained the records required for each underground storage tank?		
Vehicle Maintenance Files	49 CFR 396.3	A-1270
Systematically inspected, repaired and maintained all commercial motor vehicles, with documentation maintenance file?	maintained in a vehicle	w

Ammonium Nitrate, Prevention of Shock Waves	29 CFR 1910.109(i)(4)(iii)(d)/NFPA 400, 11.3.2.3.3.10 D-100
Are potential sources of shock waves, such as dynamite, explosives	or blasting agents PROHIBITED from use at this facility?
Ammonium Nitrate, Incompatible Materials	29 CFR 1910.109(i)(4)(ii)(a)/NFPA 400, 11.3.2.3.3.1 D-110
All ammonium nitrate storage is clean, segregated and free of mater nitrate?	ials that could potentially be incompatible with ammonium
Ammonium Nitrate, Potential Confinement	29 CFR 1910.109(i)(2)(iii)(d) D-120
Ensured all flooring in storage and handling areas is free of open dra nitrate could collect and be confined?	ins, traps, tunnels or pits in which molten ammonium
Ammonium Nitrate, Interior Segregation	29 CFR 1910.109(i)(5)(i)(b) D-130
Interior ammonium nitrate storage is segregated and located at least type of firewall? - Not less than 1 hour fire rating	: 30 feet away from combustible materials by an approved
- Extended to the underside of the roof	
Ammonium Nitrate, Exterior Segregation	29 CFR 1910.109(i)(2)(iii)(c)/NFPA 400, 11.1.5.3 D-131
Exterior ammonium nitrate storage is segregated and located at leas combustible materials?	t 50 feet away from combustible buildings or piles of
Ammonium Nitrate, Storage	29 CFR 1910.109(i)(2)(iii)(a)/NFPA 400, 11.1.5 D-150
Ensured all ammonium nitrate storage is one-story construction with	no basement?
Ammonium Nitrate, Bagged Storage Conditions	29 CFR 1910.109(i)(3)(ii)(c)/NFPA 400, 11.3.2.2.3 D-160
Ensured bagged ammonium nitrate storage in a combustible building - 20 foot maximum pile height with 3 foot clearance - 20 foot maximum pile width - 50 foot maximum pile length	g does not exceed allowed pile and clearance limits?
Ammonium Nitrate, Bulk Storage Conditions	29 CFR 1910.109(i)(4)(i)(b)/NFPA 400, 11.3.2.3.2.1 D-170
Ensured bulk ammonium nitrate storage in a combustible building do - 40 foot maximum height with 3 foot clearance - Greater than 40 feet requires pre-approval from AHJ	bes not exceed allowed pile and clearance limits?
Ammonium Nitrate, Ventilation	29 CFR 1910.109(i)(4)(i)(a)/NFPA 400, 11.2.4.2 D-180
All ammonium nitrate storage is equipped with adequate ventilation i	n the event of a fire?
Ammonium Nitrate, Aisles	29 CFR 1910.109(i)(3)(ii)(d) D-200
Ensured bagged ammonium nitrate storage provides for 3 feet or mothat is 4 feet or more?	ore clearance between piles and at least one service aisle
Ammonium Nitrate, Automatic Sprinklers	29 CFR 1910.109(i)(7)(i)/NFPA 400, 11.2.6.1.1 D-210
Ensured ammonium nitrate storage exceeding 2,500 tons of bagged adequate water supply for flooding of the building?	material is equipped with automatic sprinklers or
Ammonium Nitrate, Fire Protection Water Supplies	29 CFR 1910.109(i)(7)(ii)(b) D-220
All ammonium nitrate storage is accessible to adequate supplies of v	water and fire hydrant(s) for fire protection?
Ammonium Nitrate, Special Coatings	29 CFR 1910.109(i)(4)(ii)(b) D-230
Ensured all ammonium nitrate is stored within walls protected agains	
Ammonium Nitrate, Lightning Arrestors	29 CFR 1910.109(i)(6)(ii)/NFPA 400, 11.2.12.4 D-240
Equipped ammonium nitrate storage building with lightning arrestors - Building design may provide for this protection	?
- Duilding design may provide for this protection

Ensured no piping or hose used for liquid ag inputs is allowed to be routed over, through or outside of containment walls?		
Pump & Meter Location	BMP	E-230
Ensured no portion of a pump or meter unit used for ag inputs is allowed to be positioned over or outside of containment walls?		
Sight Gauges	BMP	E-240
Ensured all sight gauges used on bulk liquid fertilizer tanks have been equipped with locking or self-closing devices and a secured to the tank at intervals of 8 feet or less?	are	
Spill Trays	BMP	E-250
Provided portable spill trays for use containing dripped materials from each transfer point and beneath valves and connections?		
Storage Tank Location	BMP	E-260
Ensured no portion of a bulk storage tank used for liquid is allowed to be positioned over or outside of containment walls?		
Storm Water Collection & Testing	BMP	E-270
Ensured storm water that has accumulated within a containment area has been tested before being pumped out, unless personnel have reliable knowledge it is free of contaminants?		

Anhydrous Ammonia Facility

Y	N	X

Bulkhead Protection, Anhydrous Ammonia Facilities	CGA G-2.1-2014 5.10.8.1 F-100
Ensured a properly constructed bulkhead (or equivalent anchorage, weakne unloading areas?	ss or shear fitting) has been installed at all tank
Saddles, Anhydrous Ammonia Storage Tank	29 CFR 1910.111(c)(5)(vi) / 40 CFR 68.48(b) F-105
Provided saddles that extend over at least 1/3 of the circumference of the sl ammonia?	nell for each storage tank used for anhydrous
Color-Coding, Anhydrous Ammonia Valves & Piping	ANSI Z53.1-1967 F-110
Ensured all tank valves and piping used in conjunction with storage tanks of contrasting colors and applied in a consistent manner?	anhydrous ammonia have been color-coded using
85% Fill Limit, Anhydrous Ammonia Storage Tank	29 CFR 1910.111(b)(11)(i) / 40 CFR 68.48(b) F-115
Ensured each storage tank used for anhydrous ammonia is protected from the container's water capacity?	
- Tanks plumbed together installed with the 85% full level points a	
Data Plates, ASME for Storage Tanks	29 CFR 1910.111(a)(2) & (b)(2-3) F-120
Ensured all storage tanks used for anhydrous ammonia are equipped with a	
Electrical Panel & Circuits, Marking	29 CFR 1910.303(e & f) & 305(b) F-130
Marked and labeled all electrical panels and circuit breakers?	
Electrical Outlets	29 CFR 1910.305(b)(2) F-140
Ensured all electrical outlets are properly covered and grounded?	
Electrical, Exposure to Live Parts	29 CFR 1910.303(g)(2)(i) F-145
Ensured all live parts of electrical equipment, such as exposed wiring, is gua	arded against accidental contact?
- Unused openings effectively closed	
Electrical, Ground-Fault Circuit Interrupter	NEC Section 547.5(C)(2) & 547.5(G) F-150
Ensured Ground-Fault Circuit Interrupters (GFCI) and waterproof boxes hav exposed to moisture?	e been installed in all required applications that are
Fire Extinguishers, Workplace	29 CFR 1910.157(c)(1) F-160
Provided readily accessible fire extinguishers throughout the workplace? - Currently serviced/charged with locations clearly marked - Properly mounted with unobstructed access	
Fire Extinguishers, Inspection	29 CFR 1910.157(e)(1-3) F-170
Provided for monthly and annual inspections of each fire extinguisher?	
Guarding of Tanks, Anhydrous Ammonia	29 CFR 1910.111(c)(7) & CGA G-2.1-2014 6.7.1
Ensured each stationary storage tank used for anhydrous ammonia is prote trucks or other vehicles?	
Guarding, Shaft & Gear Machinery	29 CFR 1910.219(c)(2)(i) F-185
Ensured protective guards have been installed and maintained in safe opera equipped with shafts and gears?	ating condition on four sides of all machinery
Labeling of Containers, Hazard Communication	29 CFR 1910.1200(f) F-190
Ensured all bays, bins, tanks and containers have been properly labeled in a standard?	accordance with the hazard communication
Hose, Approved for Service (Anhydrous Ammonia)	29 CFR 1910.111(b)(8) & CGA G-2.1-2014 5.7 F-200
Ensured each transfer hose currently in use for anhydrous ammonia service	is designed and approved for ammonia service?
Piping & Components, Approved for Anhydrous Ammonia	29 CFR 1910.111(b)(7)(iv)/CGA G-2.1-2014 5.6.1 F-205
Ensured all piping, tubing and fittings currently in use for anhydrous ammon service?

Gas, Portable Containers 29 CFR 1910.106(a)(29)	\frown	H-240
Ensured all portable gas cans are 5 gallons or less in capacity with a spring-closing lid and is safety rated and UL approved? - UL/FM approved metal safety cans - 5 gallons maximum size and properly labeled		
Guarding and Clearances, Grinders 29 CFR 1910.215(a)(2)	\frown	H-250
Ensured all grinders have adequate safety guarding and machine rest clearances? - Tool rest within 1/8 inch of wheel - Distance between wheel and adjustable tongue does not exceed 1/4 inch - Secured to prevent movement during operation		
Guarding, Equipment 29 CFR 1910.212(a)(1)	\frown	H-260
Ensured protective guards have been installed and maintained in safe operating condition for all equipment with a belt or gears, chain or shaft drive, or rotating blade/stone?		
Labeling of Containers, Hazard Communication 29 CFR 1910.1200(f)		H-270
Ensured all bays, bins, tanks and containers have been properly labeled in accordance with the hazard communication standard?		
Hoist & Crane Capacity 29 CFR 1910.179(b)(5)		H-280
Marked all hoists/cranes with rated load/capacity on each side and ensured the lifting hook is equipped with a safety clip?		
Ladders & Stairways, Fixed 29 CFR 1910.23 & 25		H-290
Provided fixed ladders and stairways, constructed to OSHA specifications, to each elevated work platform and walkway?		
Ladders, Portable 29 CFR 1910.23(c)/ANSI A-14.5		H-295
Provided portable ladders, constructed and maintained to OSHA specifications?		
Markings, Compressed Gas Cylinders 29 CFR 1910.101(b)	\frown	H-300
Ensured all cylinders of oxygen and acetylene or other compressed gases are labeled properly with contents and precautionary information?		
Oxygen & Acetylene, Hoses & Accessories 29 CFR 1910.253(e)(5)(v)		H-310
Ensured oxygen and acetylene hoses, gauges, flashback protection and other accessories are maintained in safe operating condition and properly secured at all times?		
Oxygen & Acetylene Cylinders, Separation 29 CFR 1910.253(b)(2)(ii)&(4)(iii)		H-320
Ensured all cylinders of oxygen and acetylene or other sources of fuel or ignition are separated by a minimum of 20 feet when in storage?		
Pallet Racks, Secured ANSI/RMI MH16.1:2008, 1.4.7		H-330
Pallet racks have been secured to the floor using proper base plates and sufficient anchors?		
Pedestal Mounted Tools, Secured 29 CFR 1910.212(b)		H-340
Ensured all grinders, drill presses and other mounted tools are securely anchored to prevent movement during operation?		
Railings & Toe Boards29 CFR 1910.29	\frown	H-350
Provided railings, intermediate rails and toe boards, constructed to OSHA specifications, for each elevated work platform, stairs and walkway?		
Safety Shower/Eye Wash for Emergency Use 29 CFR 1910.151(c) & ANSI Z358.1-2009	\frown	H-360
Provided emergency safety shower/eye wash in areas where the eyes or body could be exposed to corrosive materials such as ammonia, battery acid, etc?		
Sign, "Not an EXIT" 29 CFR 1910.37(b)(5)		H-370
Marked with a "Not an EXIT" sign or the specific purpose, any doorway or passageway that could be mistaken for an exit?		
Sign, Exits 29 CFR 1910.37(b)(5)	\frown	H-380
Ensured all exits have been clearly marked and conspicuously indicated? - Unobstructed and unlocked

Chemical Warehouse

Y N X	
-------	--

Marked with a "Not an EXIT" sign or the specific purpose, any doorway or passageway that could be mistaken for an exit? Sign, Exits 29 CFR 1910.37(b)(5) 0-28 Ensured all exits have been clearly marked and conspicuously indicated?	<u> </u>
	10
Ensured all exits have been clearly marked and conspicuously indicated?	.0
- Unobstructed and unlocked	
Sign, No Smoking (Chemical Warehouse) 29 CFR 1910.106(f)(6) 0-29) 0
Posted NO SMOKING sign inside and outside chemical warehouse storage areas?	
Sign, Pesticide Storage Area 7 U.S.C. 136 J(a)(2)(G) 0-30)0
Posted "DANGER! PESTICIDE STORAGE AREA" sign on all buildings or in all areas where pesticides with the signal words "DANGER-POISON" or "WARNING" are stored?	
Walking-Working Surfaces 29 CFR 1910.22(b) 0-30)5
Ensured each surface used for storage or walking-working is capable of supporting the maximum intended load for that surface?	
Wheel Chocks for Loading Dock 29 CFR 1910.178(k)(1) 0-31	0
Provided wheel chocks to prevent trucks from rolling away from loading docks?	
Best Management Practices (BMPs)	
Material Handling & Transfer 0-32	20
Implemented Best Management Practices to prevent spillage or unintended loss of farm input supplies to uncontained areas?	
NFPA 704 HazMat Marking System BMP - NFPA 704, 4.1 O-33	30
Labeled each building and stationary storage tank with the appropriate NFPA decal and designations?	

X = Not Applicable

Confined Spaces Labolad	29 CFR 1910.146(c)(2 & 3)	D 400
Confined Spaces Labeled Labeled all confined spaces with a sign or decal?		P-100
	40 CFR 165.85 & 87	D 405
Containment Areas, Drains Prohibited Ensured all discharge outlets and gravity drains within pesticide storage areas hav		P-105
use?	e been propeny sealed and removed norm	
Containment Areas, Repair & Maintenance	40 CFR 165.90(b)(2) & (3)	P-110
Repaired all pesticide containment structures within the required time frame?		
Containment, Operational for Pesticides	40 CFR 165.82 & 97	P-120
Provided and utilizes operational containment for pesticides of adequate size, capa containment rules?	acity and construction to comply with federal	
Containment, Secondary for Pesticides	40 CFR 165.81 & 97	P-130
Provided and utilizes secondary containment for pesticides of adequate size, capa containment rules?	city and construction to comply with federal	
Electrical Panel & Circuits, Marking	29 CFR 1910.303(e & f) & 305(b)	P-140
Marked and labeled all electrical panels and circuit breakers?		
Electrical Outlets	29 CFR 1910.305(b)(2)	P-150
Ensured all electrical outlets are properly covered and grounded?		
Electrical, Exposure to Live Parts	29 CFR 1910.303(g)(2)(i)	P-155
Ensured all live parts of electrical equipment, such as exposed wiring, is guarded a - Unused openings effectively closed	against accidental contact?	
Electrical, Ground-Fault Circuit Interrupter	NEC Section 547.5(C)(2) & 547.5(G)	P-160
Ensured Ground-Fault Circuit Interrupters (GFCI) and waterproof boxes have been exposed to moisture?	installed in all required applications that are	
Fall Arrest, Personal Protection	29 CFR 1910.29 & 140	P-167
Ensured all employees working at elevated heights with an unprotected side or edg with personal fall arrest protection, trained on the proper use and inspection of the		
Fire Extinguishers, Workplace	29 CFR 1910.157(c)(1)	P-170
Provided readily accessible fire extinguishers throughout the workplace?		
 Currently serviced/charged with locations clearly marked Properly mounted with unobstructed access 		
Fire Extinguishers, Inspection	29 CFR 1910.157(e)(1-3)	P-180
Provided for monthly and annual inspections of each fire extinguisher?		
Guarding, Equipment	29 CFR 1910.212(a)(1)	P-185
Ensured protective guards have been installed and maintained in safe operating co gears, chain or shaft drive, or rotating blade/stone?	ondition for all equipment with a belt or	
Labeling of Containers, FIFRA (Pesticides)	40 CFR 156.10(a)(1)	P-187
Ensured all containers of pesticides have a product label affixed to the container?		
Labeling of Containers, Hazard Communication	29 CFR 1910.1200(f)	P-190
Ensured all bays, bins, tanks and containers have been properly labeled in accorda standard?	ance with the hazard communication	
Inspection, Pesticide Containment Areas	40 CFR 165.90(b)(1) & 40 CFR 165.95	P-200
Ensured monthly inspections have been performed, documented and maintained o containment area?	on file for each secondary and operational

Bulk Pesticide

Duik Pesticide	Y N X		
Ladders & Stairways, Fixed 29 CFR 1910.23 & 25	\bigcap	P-210	
Provided fixed ladders and stairways, constructed to OSHA specifications, to each elevated work platform and walkway?	()		
Portable Refillable Containers, Specifications 40 CFR 165.45(a)&(b)	$\overline{\bigcirc}$	P-220	
Ensured all portable refillable containers meet the appropriate DOT specifications for the product it contains?	()		w
Portable Refillable Containers, Markings 40 CFR 165.45(d)	$\overline{\bigcirc}$	P-230	
Ensured all portable refillable containers are durably marked with an unique number or comparable identifying code?	()		w
Portable Refillable Containers, Container Labeling 40 CFR 156.10(a)(1)	$\overline{\bigcirc}$	P-240	
Ensured all portable refillable containers (PRCs) of pesticides have a product label affixed directly to each container or product labels are provided to handler employees working in remote locations?	\bigcirc		W
Portable Refillable Containers, Properly Sealed 40 CFR 165.45(e)	\bigcirc	P-250	
Ensured all portable refillable containers are equipped with a one-way valve, a tamper-evident device, or both?			w
Portable Refillable Containers, Inspection & Test 40 CFR 165.45(a)&(b) & 49 CFR 180.352(b)(2)(iii)		P-270	
Ensured all portable refillable containers have been inspected and tested properly within the required timeframe of 30 months?			w
Rinsate, Pesticide 7 U.S.C. 136 J(a)(2)(G)	$\overline{\bigcirc}$	P-280	
Ensured all rinsate containing pesticide residue is disposed of in a manner consistent with its label?	$\left(\right)$		
Rinsate, Storage & Segregation 40 CFR 165.81	$\overline{\bigcirc}$	P-290	
Ensured all rinsate, wash water and any other residue-laden liquid is segregated and properly labeled by major use such as crop, pesticide rinsate or fertilizer rinsate?	\bigcirc		
Safety Shower/Eye Wash for Emergency Use 29 CFR 1910.151(c) & ANSI Z358.1-2009	\bigcirc	P-300	
Provided emergency safety shower/eye wash in areas where the eyes or body could be exposed to corrosive materials such as ammonia, battery acid, etc?	\bigcirc		
Sight Gauges, Prohibited on Pesticide Tanks 40 CFR 165.45(2)(ii)	\bigcap	P-310	
Ensured that all bulk storage tanks used for pesticides are not equipped with sight gauges?			
Sign, "Not an EXIT" 29 CFR 1910.37(b)(5)	\bigcirc	P-320	
Marked with a "Not an EXIT" sign or the specific purpose, any doorway or passageway that could be mistaken for an exit?			
Sign, Exits 29 CFR 1910.37(b)(5)	\bigcap	P-330	
Ensured all exits have been clearly marked and conspicuously indicated?			
- Unobstructed and unlocked			
Sign, No Smoking (Bulk Pesticide Area) 29 CFR 1910.106(f)(6) Sign, No Smoking (Bulk Pesticide Area) 29 CFR 1910.106(f)(6)	$\left(\right)$	P-340	
Posted NO SMOKING sign(s) in bulk pesticide area?	\bigcirc		
Sign, Pesticide Storage Area7 U.S.C. 136 J(a)(2)(G)	\bigcap	P-350	
Posted "DANGER! PESTICIDE STORAGE AREA" sign on all buildings or in all areas where pesticides with the signal words "DANGER-POISON" or "WARNING" are stored?	\bigcirc		
Tanks, Anchoring of Bulk Storage40 CFR 165.85 & 87	\bigcap	P-360	
Ensured each bulk storage tank located within a secondary containment area has been anchored or elevated to prevent floating and tipping?			
Unattended Storage Tanks, Bulk Pesticides 40 CFR 165.90(a)(5)	\bigcap	P-370	
Ensured that each lockable valve on a stationary pesticide storage tank is closed and locked, or that the facility is locked, whenever the facility is unattended?			
Vents, Bulk Pesticide Storage Tanks 40 CFR 165.45(f)(2)	\bigcap	P-380	
Ensured each bulk pesticide storage tank is equipped with a vent device?

Grain/Feed

Animal Health Products, Feed & Feed Ingredients	21 CFR Part 500 Q-100	
Ensured all animal health products, feed and feed ingredients are manufactured, stor guidelines and requirements?	red and handled in accordance with FDA	
Confined Spaces Labeled	29 CFR 1910.146(c)(2 & 3) Q-105	
Labeled all confined spaces with a sign or decal?		
Electrical Panel & Circuits, Marking	29 CFR 1910.303(e & f) & 305(b) Q-120	
Marked and labeled all electrical panels and circuit breakers?		
Electrical Outlets	29 CFR 1910.305(b)(2) Q-130	
Ensured all electrical outlets are properly covered and grounded?		
Electrical, Exposure to Live Parts	29 CFR 1910.303(g)(2)(i) Q-135	
Ensured all live parts of electrical equipment, such as exposed wiring, is guarded aga - Unused openings effectively closed	ainst accidental contact?	
Electrical, Ground-Fault Circuit Interrupter	NEC Section 547.5(C)(2) & 547.5(G) Q-140	
Ensured Ground-Fault Circuit Interrupters (GFCI) and waterproof boxes have been in exposed to moisture?	stalled in all required applications that are	
Extension Cords, Condition	29 CFR 1910.334(a)(2) Q-160	
Ensured all extension cords are free of splices, defects or exposed wiring and are properating condition?	operly grounded and maintained in safe	
Extension Cords, Temporary Use	29 CFR 1910.305(g)(1)(iv) Q-170	-
Ensured extension cords are not being used as a substitute for fixed electrical wiring?	2	
Fall Arrest, Personal Protection	29 CFR 1910.29 & 140 Q-180	
Ensured all employees working at elevated heights with an unprotected side or edge with personal fall arrest protection, trained on the proper use and inspection of the system.		
Fire Extinguishers, Workplace	29 CFR 1910.157(c)(1) Q-190	
Provided readily accessible fire extinguishers throughout the workplace?		
- Currently serviced/charged with locations clearly marked		
- Properly mounted with unobstructed access Fire Extinguishers, Inspection	29 CFR 1910.157(e)(1-3) Q-200	
Provided for monthly and annual inspections of each fire extinguisher?	29 CFR 1910.157(e)(1-3) Q-200	
	29 CFR 1910.106(e)(2)(ii)(b) Q-210	
Flammable Liquids, Storage of Containers Ensured an approved cabinet is utilized for quantities of flammable liquids exceeding		
containers?		
- Stored in dedicated cabinets that meet NFPA code		
- Labeled "FLAMMABLE KEEP FIRE AWAY"		
Gas, Portable Containers	29 CFR 1910.106(a)(29) Q-220	
Ensured all portable gas cans are 5 gallons or less in capacity with a spring-closing li - UL/FM approved metal safety cans	d and is safety rated and UL approved?	
- 5 gallons maximum size and properly labeled		
Grain Handling, Engulfment Hazards	29 CFR 1910.272(g)(2) Q-230	
Provided a body harness with lifeline or a boatswain's chair for any employee that ent at or above the level of the stored grain or works in/on stored grain of a depth that pos		
Guarding, Equipment	29 CFR 1910.212(a)(1) Q-250	
Ensured protective guards have been installed and maintained in safe operating concepts, chain or shaft drive, or rotating blade/stone?	dition for all equipment with a belt or

Grain/Feed	Y N X	
Guarding, Shaft & Gear Machinery 29 CFR 1910.219(c)(2)(i)	\bigcirc	Q-260
Ensured protective guards have been installed and maintained in safe operating condition on four sides of all machinery equipped with shafts and gears?	\bigcirc	
Ladders & Stairways, Fixed 29 CFR 1910.23 & 25		Q-270
Provided fixed ladders and stairways, constructed to OSHA specifications, to each elevated work platform and walkway?		
Oxygen & Acetylene, Hoses & Accessories 29 CFR 1910.253(e)(5)(v)	\bigcirc	Q-280
Ensured oxygen and acetylene hoses, gauges, flashback protection and other accessories are maintained in safe operating condition and properly secured at all times?	\bigcirc	
Oxygen & Acetylene Cylinders, Separation 29 CFR 1910.253(b)(2)(ii)&(4)(iii)	\bigcirc	Q-290
Ensured all cylinders of oxygen and acetylene or other sources of fuel or ignition are separated by a minimum of 20 feet when in storage?		
Pallet Racks, Secured ANSI/RMI MH16.1:2008, 1.4.7		Q-300
Pallet racks have been secured to the floor using proper base plates and sufficient anchors?		
Railings & Toe Boards29 CFR 1910.29		Q-310
Provided railings, intermediate rails and toe boards, constructed to OSHA specifications, for each elevated work platform, stairs and walkway?		
Railroad Cars, Wheel Stops 29 CFR 1910.178(k)(2)	\bigcirc	Q-320
Provided wheel chocks to prevent railroad cars from moving during loading or unloading operations?		
Segregation of Pesticides from Food 7 U.S.C. 136 J(a)(2)(G)	\bigcirc	Q-330
Ensured all pesticides are stored away and separate from food and feed?		
Sign, "Not an EXIT" 29 CFR 1910.37(b)(5)	\bigcirc	Q-340
Marked with a "Not an EXIT" sign or the specific purpose, any doorway or passageway that could be mistaken for an exit?		
Sign, Exits 29 CFR 1910.37(b)(5)	\bigcirc	Q-350
Ensured all exits have been clearly marked and conspicuously indicated? - Unobstructed and unlocked	\bigcup	
Sign, No Smoking (Grain/Feed) 29 CFR 1910.272(e)(1)(i)	\bigcirc	Q-360
Posted NO SMOKING signs in grain/feed storage and handling areas?		
Visibility of Workers 23 CFR 655.603 / FHWA MUTCD 6D.03		Q-370
Provided all employees that work within the right-of-way of a highway with high-visibility safety apparel?		
Walking-Working Surfaces 29 CFR 1910.22(b)		Q-375
Ensured each surface used for storage or walking-working is capable of supporting the maximum intended load for that surface?	\bigcirc	
Welding Equipment, Electrical 29 CFR 1910.254(d)(7)	\bigcirc	Q-380
Ensured welding rods are never left in the welding leads and all welding cables, power cords, ground wiring and accessories are maintained in safe operating condition?	\bigcirc	
Welding Screens 29 CFR 1910.252(b)(2)	\bigcirc	Q-390
Provided non-combustible screens or shields in the area surrounding welders to protect the other workers from rays?
